evoke your inner style

## REAGAN

Our Reagan Sofa is a contemporary model with a traditional chic twist. It features a high square arm and an eclectic mix of fabrics . Made in the UK using hardwood frames and traditional screwed, glued and dowelled joints, the product is made to a very high specification. The seat cushions are made using foam interiors with a full feather pad for added luxury. The loose scatter cushions have feather inners. All models are available in a selection of fabrics and high quality full aniline leathers.
