BERKLEY

Berkley conveys pure indulgence with deep classical buttoning complimented by clean contemporary lines. We have introduced a single seat cushion along with varying sizes and styles of scatter cushion for a sleek and sophisticated appeal. Shown here in one of our sumptuous velvets, Berkley is manufactured in the UK using hard wood frames with our traditional screwed, glued and dowelled method of construction. The seat cushion is filled with foam and topped off with a feather pad. The loose scatter cushions have feather interiors. This model is also available in a selection of fabrics and high quality full aniline leathers.
